Education

Mahatma Gandhi Central University, Bihar
B.Tech in Computer Science and Engineering

2022 – 2026
CGPA: 9.42

Skills

- **Languages:** C, Java, Python, JavaScript
- **Web:** HTML, CSS, Tailwind CSS, React, Node.js, Express
- **Database:** MongoDB, Supabase, MySQL
- **Tools:** Git, GitHub, VS Code

Projects

Smart Attendance System (MERN + Meteor)

- Built QR-based attendance system with real-time updates using WebSockets, improving tracking efficiency.
- Developed role-based dashboards (Admin, Teacher, Student) with analytics and reporting features.
- Implemented filtering, CSV export, and pagination to handle large datasets efficiently.

PadhleBhai Study Platform (Next.js + Supabase)

- Designed study tracker with subject → chapter → topic hierarchy and real-time progress tracking.
- Implemented streak system, daily planner, and scheduled learning features for user engagement.
- Structured scalable backend using Supabase for managing study sessions and analytics.

EchoBeats Music Platform (React + Tailwind)

- Developed responsive music UI using React, Vite, and Tailwind CSS.
- Built optimized search feature with dedicated results page, improving user navigation.

Internships & Training

C-DAC Noida (Cyber Gyan Project)

Sept 2024 – Oct 2024

- Trained in Ethical Hacking and Penetration Testing with hands-on security analysis.

C-DAC Patna (MERN Stack Development)

Mar 2025 – Apr 2025

- Completed full-stack MERN training with Grade A and built deployable applications.

Bharat Intern (Web Development)

Oct 2023 – Nov 2023

- Developed responsive web interfaces and improved UI/UX fundamentals.

Achievements

- Qualified GATE 2025 and GATE 2026, demonstrating strong problem-solving skills and core Computer Science knowledge.
- Built and deployed multiple full-stack applications independently.
- Strong understanding of MERN stack, real-time systems, and scalable architecture.
